

Instructions ③

Trouts and Seasons of The Mountain Village Since 1997

The First Process

Paper craft of Brown trout and Brook trout were added one more process.

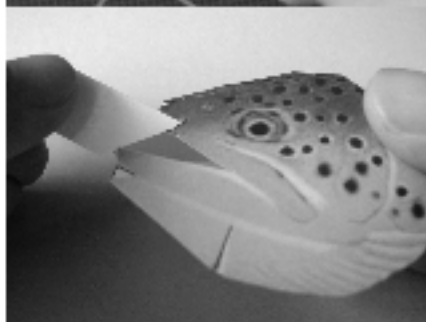

The Second Process

Cut with knife along the black line of nose part (the arrow).

The Third Process

Put and glue it as you can't see white parts. If you use spatula of paper to put glue it will be beautifully finished.

The Fourth Process

The nose's part become round. It looks real.

The Fifth Process

Completion of Brown trout's head.
